4.000 plants per hectar / max 50 quintals

GRAPES HARVESTING TIME
End of september

Taurilio is the result of careful selection of the best grapes of Merlot and Cabernet Franc, typical products from vineyards in **Euganean Hills Regional Park**. The accurate wine making guarantees the quality of the wine, enhancing its special aroma and flavor. This wine, intense ruby red in colour, offers new elegant and powerful taste with remarkably complex scents: bouquet intense and charming with hints of plum, blackberry, morello cherry, mint, liquorice, juniper on a pleasantly mineral base. Perfect pairings for red meat, roast, game and medium matured cheeses, Taurilio can also be enjoyed as a meditation glass.
